

SKY HAWK SUPPLY LLC

CONSTRUCTION | SUPPLY | FACILITY SUPPORT

"Mission Essential Support"

Capability Statement

SBA-CERTIFIED SDVOSB / VOSB | CALIFORNIA DVBE | CALIFORNIA SB (MICRO)

COMPANY OVERVIEW

Sky Hawk Supply LLC is a Sacramento, California-based veteran-owned small business providing construction, material supply, logistics, and facility support for government agencies, prime contractors, and commercial customers. Sky Hawk combines responsive procurement with project-specific coordination of suppliers, subcontractors, equipment, and delivery resources.

CORE COMPETENCIES

Construction & Facility Services

General construction; facility improvements, renovations & repairs; mechanical/HVAC; roofing & waterproofing; tile & flooring; drywall & insulation; painting & coatings; landscaping; equipment installation.

Supply, Equipment & Logistics

Construction material supply; industrial & operational supplies; tools, PPE & safety gear; medical/facility consumables; tool & equipment rental; scheduled logistics and job-site distribution.

Facility & Operational Support

Custodial/janitorial; grounds maintenance; laundry & linen; inventory services; catering services; waste collection, disposal & recycling support.

PRINCIPAL / KEY PERSONNEL EXPERIENCE

Sky Hawk leadership brings prior experience supporting complex U.S. government construction, logistics, and procurement operations. Supporting documentation includes a \$7.815M firm-fixed-price construction subcontract for Arch Span Building Construction in Ghazni, Afghanistan, supporting Federal Prime Contract #W5J9JE-11-C-0130. The documented scope covered 27 facilities including barracks, latrines, storage buildings, maintenance facilities, and an MWR building.

**This experience predates Sky Hawk Supply LLC and is presented only as principal/key personnel experience, not Sky Hawk corporate past performance.*

DIFFERENTIATORS

- Federal and California veteran/small-business certifications.
- Veteran-led procurement, logistics, and operational experience.
- Construction, supply, logistics, and facility support under one company.
- Flexible supplier and subcontractor coordination by project need.
- Sacramento-based with a strong California public-sector and prime-contractor focus.
